###

### **About The Austin Company**

The Austin Company provides design-build and location consulting services for commercial and industrial operations. Austin offers a comprehensive portfolio of in-house services, including architectural design, engineering, design-build, construction management, operations improvement and consulting.

The Austin Company was founded in Cleveland, Ohio, in 1878 and its headquarters remain in Cleveland, with additional offices in Irvine, California; Atlanta, Georgia; Portage, Michigan; and St. Louis, Missouri. The firm became a wholly-owned subsidiary of Kajima USA in 2006 and is a proud member of the Kajima family of companies. Kajima Corporation is one of the leading engineering and construction contractors in the world.
